11) MAYOR'S MESSAGE

Mayor Dedrick thanked everyone for showing up to the meeting. We needed to keep working together. Everyone is important

12) COUNCIL INFORMATION & DISCUSSION

Funderburk - appreciated people who showed up with issues and have solutions. She didn't like when people didn't take the time to find solutions. She appreciated that they were driving around finding solutions. She thanked the City for donating to the senior class. Those kids needed something to look forward to.

Dufloth - he appreciated everyone coming in. We were enduring trying times. We need to be conscious of what we can do versus what we want to do. It was hard to have a 10,000 ft view. This was the law and we have to follow the law. There has to be a fight to be fought. With that in mind, having your OLCC license was a privilege. Having a lotto was a privilege. Having a driver's license was a privilege. What we do today affects our community. We have to be mindful of how we affect our city. What we do has to align with what we say.

Smith - thanked everyone for coming in. She appreciated everyone having solutions to the issues presented. Their efforts did not go unnoticed. She took several notes to bring forward to a later date.

Chavez - thanked everyone for attending. It was nice to have an audience in Council Chambers.

TenEyck - we were certainly in trying times. It was like playing whack-a-mole with unforeseen consequences. You take one down and another one popped up. It takes a while to get a big ship to turn, it was a long process. He appreciated all the passionate voices. Answers didn't come quickly
